

our economy. It cannot be overstated how significant a rail strike would be to our national supply chain. With fall harvest, particularly for my State, that is a huge concern, and it is vitally important that we avoid a rail strike.

On the energy front, North Dakota is a huge provider of energy for this Nation. So it is very important. Whether it is our energy producers or energy producers across this country, we need to empower our domestic energy production. We also need to get our debt and deficit under control. We need to help our farmers and ranchers produce the highest quality, lowest cost food supply in the world. We need to address the supply chain issues that continue to be disruptive to our economy and create more inflation.

The Biden administration needs to stop with the tax-and-spend agenda if we are to get this inflation under control.

I yield the floor.

I suggest the absence of a quorum.

BUSINESS BEFORE THE SENATE

Mr. SCHUMER. Madam President, I thank my colleagues from Oklahoma and Nebraska for letting us go forward.

In a few moments, I will file cloture on a measure that will get the Senate to approve the Kigali Amendment to the Montreal Protocol.

This important amendment, which already has been agreed to by 120 countries, will affirm our Nation's commitment to curb the use of dangerous hydrofluorocarbons, HFCs. These hypertoxic chemicals are regularly found, unfortunately, in everyday appliances from air conditioners to refrigerators.

In December of 2020, we passed the AIM Act, which took a drastic step to limit HFCs and was one of the most significant climate accomplishments ever, of course, until we passed the Inflation Reduction Act a month ago.

HFCs need to be dealt with as soon as possible because they are thousands—thousands—of times more damaging to our atmosphere than carbon dioxide. So this is a very important opportunity for the Senate to make official America's intention to phase these dangerous chemicals out of use.

Approving this amendment will require two-thirds of the Senate. Reduc-

ing our country's use of HFCs has been a bipartisan priority in the past, so both parties should work together to accelerate passage of this measure.

Also, I will file on the nomination of Judge Florence Pan to serve as a circuit court judge for the D.C. Circuit, one of the most important judicial appointments we can make. After the Supreme Court, the D.C. Circuit Court of Appeals is the most important Federal court in the country with jurisdiction over cases involving Congress and the entire executive branch. The judges who preside on the D.C. Circuit must be individuals of high character, unsailable qualifications.

A few months ago, we elevated someone who meets these standards when confirming Michelle Childs to the bench, and we intend to do it again with Judge Pan's nomination.

Looking ahead, confirming even more of the President's judicial nominees will be a priority for the Senate.
